

DR. SATORI RX

Learning to live your life in awareness is the golden step to optimal health and infinite possibilities. Dr. Satori RX, founded by Dr. Bradley Frederick, is dedicated to finding innovative, natural solutions for today's hectic lifestyle. The natural line of vitamins, supplements and guided meditation CDs at www.dr-satorirx.com have been cultivated by Dr. Frederick, a well-respected chiropractic physician to Olympic athletes and the Hollywood elite.

Located in Los Angeles, California, Dr. Frederick brings over two decades of experience in helping clients reach their health and lifestyle goals. The host of a television show in the late 90s, Dr. Frederick incorporates the principles of yoga and Eastern medicine into his practice with a technique known as "Dr. Frederick's Satori." Combining complex toning, entrainment concepts, binaural beats, guided imagery and other ancient and modern technologies, Dr. Frederick works with clients to remove their limitations within.

The meditation CDs are a natural maturation of Dr. Frederick's Satori. One of the most popular recordings, *Walking in Awareness*, uses captivating music and fluid narration as a gentle guide to help the listener learn to increase his/her own energy, reform posture and find the calmness within.

FAT FLUSH WHEY PROTEIN

UNI KEY'S Fat Flush Whey Protein is the perfect daily protein powder to support weight loss or a weight management program, lean muscle development, high energy levels, immune health and the anti-aging process.

Unlike other whey protein powders on the market today, UNI KEY'S Fat Flush Whey Protein is 100% natural. The Fat Flush Whey Protein is lactose, hormone, pesticide and chemical-free and is derived from disease-free herds. It has no added sugar and is only sweetened with Stevia, a natural herb.

The Fat Flush Whey Protein is derived from non-denatured and unheated protein which preserves fragile amino acids. It also contains healing substances such as lactoferrin, an iron modulating protein; immunoglobulins and immune enhancing elements; and glycomacropetides and natural appetite suppressing proteins. It contains inulin, a pre-biotic, which nourishes friendly bacteria in the GI tract.

Available in Vanilla, each 30 gram container has 1 serving. Each serving delivers 20 grams of protein, 6.5 grams of carbohydrate, 1.5 grams of fiber, and 1.5 grams of fat.
